A LITTLE BIT ABOUT US

Founded by Artistic Director Gideon Obarzanek in 1995 Chunky Move has earned an enviable reputation for producing a distinct yet unpredictable brand of genre-defying dance performance.

Chunky Move's work constantly seeks to redefine what is or what can be contemporary dance within an ever-evolving Australian culture. The Company's work is both diverse in form and content; to date the Company has created a number of works for the stage, site-specific and new-media and installation work.

In addition to presenting and touring its own artistic works, Chunky Move has played a key role in developing the national dance sector in Australia by recognising the limited opportunities for dance practitioners and responding to that need through the Maximised and Choreolab programs which help support dancers and choreographers.

We invite you through our friends program to help secure a long-term future for Chunky Move. Your generous support will enable Chunky Move to continue to create exciting new works, to push artistic boundaries and also help foster and support a vibrant and strong dance culture in Australia for years to come.
